

TO: **Andrea Lapointe**, Project Manager
Dept. of Environmental Protection,
Bureau of Land & Water Quality

FROM: Department of Marine Resources (DMR)

SUBJECT: REQUEST FOR PROJECT REVIEW

PROJECT: DEP Application #: L-25789-2F-A-N
Applicant: William Dingman
Location: Camden (Eaton Point)
Type of Project: Propane Tank

The above proposed project has been carefully reviewed and considered by DMR personnel.

DMR understands that the applicants are proposing to install a 17 ft. x 37 inch diameter (1,000 gallon) propane tank above the Highest Annual Tide (HAT) in a 5 to 6 ft. deep pit.

The proposed project site is located at on Eaton Point. The upland is developed with three large condominium buildings. The supratidal is a granite block seawall.

This project as proposed should not cause any significant adverse impacts to marine resources, traditional fishing, recreation, navigation, or riparian access provided appropriate erosion/sedimentation controls are installed and maintained.

Brian M. Swan
DMR Environmental Coordinator
