SUBJECT: REQUEST FOR PROJECT REVIEW

PROJECT: Applicant: Town of Islesboro
Location: Islesboro (Dark Harbor, East Penobscot Bay)
Type of Project: WWTP Outfall Replacement

The above proposed project has been carefully reviewed and considered by DMR personnel.

DMR understands that the applicant is proposing replace an existing 8 inch diameter WWTP outfall pipe with a new 6 inch diameter pipe that would extend approximately 150 ft. beyond Mean Low Water (MLW). The work would be performed between September and December 31, 2011.¹

This project as proposed should not result in any significant adverse impacts to marine resources, traditional fishing activity, recreation, navigation or riparian access. The area is currently classified as Prohibited to shellfish harvesting.
